City Tax Bill Hike .1 Mills ... 17.8-Mill Levy

By Bill Anderson
Lincoln City Council Friday put its final stamp of approval on a \$15.4 million 1960-61 city budget that requires a .1 mill increase over last year.

The budget calls for a levy of 17.8 mills (\$17.80 per \$1,000). This compares to last year's city levy of 16.7.

Here's how to figure your next year's taxes:

Your total tax bill (including levies of all governmental subdivisions) if you live in Lincoln will be \$81.39 per \$1,000 assessed valuation.

If your house is worth \$10,000, your taxes will be \$81.39. (Continued on Page 2.)

This Year's Tax Table

This is the tax bill that Lincoln taxpayers will have to meet for the 1960-61 period. Figures are per \$1,000 assessed valuation:

AF Plans To Orbit Monkeys

Washington (AP) — The Air Force Research Chief said Friday an attempt will be made in October to send monkeys into orbit in space and bring them back safely to earth.

In a meeting with newsmen, Lt. Gen. Bernard A. Schriever also expressed disbelief of some Russian claims in relation to the orbiting and recovery of dogs.

Schriever didn't question that a Soviet space capsule containing dogs was sent aloft and recovered. But he didn't accept as fact a report by the Soviet Tass news agency that the vehicle which took the capsule into space was also returned to earth successfully.

Schriever said his "guess is that the vehicle is a mass of ruins" and that it was probably destroyed on impact with the ground.

The general did not give a date when the United States will try to orbit and recover monkeys. He said it would be on Discoverer shot No. 16. Thus far, there have been 14 Discoverer shots.

Schriever said shot No. 15 would be in continued development of techniques for the recovery of space vehicles and development of components for use in satellites for reconnaissance and for warning of ballistic missiles. He didn't disclose the prospective date for this shot.

Louisiana Attorney General Jack Gremillion storms out of court during segregation hearings in New Orleans Friday.

COURT TERMED DEN OF INIQUITY

New Orleans (AP) — A three-judge federal court—called a den of iniquity by Louisiana's attorney general—took under advisement Friday two suits seeking to nullify the state's school segregation laws.

"You are violating my constitutional rights," shouted Atty. Gen. Jack P. F. Gremillion to the judges. As he headed for the courtroom door, he added: "I am not going to stay in this den of iniquity."

Storming into the corridor, Gremillion told newsmen, "you can't tell what's going to come out of those fellows."

They can do whatever they want, sociologically and psychologically, whatever that may be."

Then he said: "Negroes are running the country."

Before the court were two motions for temporary injunctions, one by the National Assn. for the Advancement of Colored People, and another by 31 white parents. They asked that Gov. Jimmie Davis be restrained from preventing the New Orleans School Board from complying with federally-ordered integration.

The judges, who heard arguments in both cases during a two-hour session, were Richard T. Rives, presiding judge of U.S. Fifth Circuit Court of Appeals; U.S. District Judge Herbert W. Christenberry; and Wright. Rives is a native and resident of Montgomery, Ala., and Wright and Christenberry are natives and residents of New Orleans.

Rives, who presided at Friday's hearing, said the tribunal hoped to rule at least several days before the scheduled opening of public schools here Sept. 7 "to avoid confusion."

Although Davis was not in court, the state was represented by Gremillion and assistants, who argued they had not been properly served, that their witnesses were not present, and that the cases ought to be continued.

When counsel for the white parents offered affidavits, Gremillion objected, and the court ruled the affidavits admissible.

It was then that Gremillion pounded the table and said, "I don't consider this justice. You are running roughshod over us."

Rives said they were "not running roughshod over anyone," that they were trying to avoid confusion.

"If confusion and chaos is being created it is in this court," Gremillion said. Rives told him he could enter his objections, but to be more respectful of the court.

Then Gremillion walked out with his declaration about "this den of iniquity."

Directly north of the quarter-boulder on the Platte was located Shinn's Ferry, established in 1858.

This cable-drawn and pole-guided enterprise "proved to be the only successful ferry operating between the forks and the mouth of the Platte River during the early travel westward," the monument proclaims.

Both memorials were erected by the local chapter of the Daughters of the American Revolution.

"Pioneers bound from Butler County to Columbus and Schuyler, and those headed for the Denver Trail, crossed the Platte at this point," a DAR handbook says.

Ox-Drawn Wagon
The court house-square monument's plaque is emblazoned with an ox-drawn covered wagon and hails the triumphs of early pioneers. It was dedicated in 1925.

As big as a flattened limousine, the boulder both markers came from was deposited by Ice Age glaciers on the Archer Bunting farm about 6 miles east of David City.

IKE REBUFFED; BIG CUT IN FOREIGN AID STANDS

... Minimum Pay Deadlock Looms

Washington (AP) — An adjournment-bound Congress Friday quickly rejected President Eisenhower's last-minute appeal for restoration of half a billion dollars trimmed from foreign aid funds.

This left minimum wage legislation as the sole remaining major barrier to adjournment next week and there were growing signs that a Senate-House deadlock will prevent any action of this issue at this session. If the deadlock cannot be broken, adjournment early next week is likely unless foreign aid requests are injected into another appropriation bill.

The House, within an hour after receiving it, shouted down Eisenhower's plea to restore the mutual security program cuts. It rejected his request to return the measure to conference, passed the compromise by acclamation and sent it to the Senate.

The Senate took a few hours longer but completed the rebuff to the administration by also accepting the compromise measure.

The Senate roll call vote was 57-24. But the Senate did leave the door at least slightly ajar for more foreign aid money. In asking senators to accept the compromise measure, the Democratic majority leader, Sen. Lyndon B. Johnson of Texas, said that if more funds are urgently needed the President could ask that they be included in a catch-all appropriations measure not yet disposed of by either chamber.

Sen. John F. Kennedy, the Democratic presidential nominee, backed up his vice presidential running mate's suggestion on this point. Eisenhower's over-all requests for the overseas mutual security program of military and economic aid came to \$4,281,704,000. The Senate

Nebraska Vote

Nebraska's Sen. Roman Hruska (R) voted with the losing side as the Senate overrode President Eisenhower's objections and passed a compromise \$3,772,350,000 foreign aid appropriation bill. Hruska voted against passage. Sen. Carl Curtis (R) was not listed as voting.

and House each approved sums below this and finally compromised on \$3,722,350,000, nearly half a billion more than last year but \$559,354,000 under the President's recommendations.

In an unusual move, Eisenhower Friday sent to leaders of both Houses an urgent appeal for full restoration of the cuts which, he said, "will jeopardize the security of the country."

The Republican house leader, Rep. Charles A. Halleck of Indiana, read the President's message to the House and asked that it be "very seriously considered" by the members — all of whose seats are at stake in the November election.

The House almost immediately adopted the conference committee's compromise figure of \$3,722,350,000 in a resounding voice vote, without a roll call.

Housing and aid-to-education legislation already have been stricken from the list of objectives for the post-convention session and a compromise has been reached on Social Security changes involving medical care for the aged.

This left only the minimum wage increase still at issue between Senate and House.

The Senate passed a measure hiking the hourly minimum from \$1 to \$1.25 in 3 stages over two years and broadening coverage to include about four million additional workers. The House has voted an increase to \$1.15 with coverage extended to about a million workers in addition to the 23-million-plus now covered.

Governor Condition Unchanged

... Brooks 'Spunky'

Gov. Ralph Brooks' condition was described by his physician Friday as "unchanged" from the last report which had termed the governor better than when he entered Lincoln General Hospital Tuesday.

The governor was hospitalized for treatment of a virus infection which initiated a weakened condition of the heart muscle. The infection is now under control.

Robert Conrad, administrative assistant to the governor, reported Friday night after a visit to the hospital that the governor signed some official papers.

In relaying reports from the physician on the governor's condition, Conrad said that Brooks did not have an electrocardiogram Friday.

Such tests were made Wednesday and Thursday.

Conrad also informed reporters that the governor's physician suggested that a press conference with him be deferred until next week because he would have nothing conclusive to report at one this week.

The governor's assistant described Brooks as "spunky," and said he remains on a soft diet.

Conrad was asked by a reporter if he has talked with the governor about the possibility of his withdrawing from the race for the U.S. Senate, and Conrad replied, "No."

"As far as I know, there hasn't been anything said," Conrad stated.

MILD TEMPS, SHOWERS DUE ON SATURDAY

Nebraska's warm temperatures and sunny skies will end Saturday as the weatherman predicts showers for most of the state.

The weather forecast calls for partly cloudy skies Saturday and Saturday night with scattered showers and thunderstorms in the western portions Saturday and over most of the state Saturday night.

Isolated showers are expected in the Panhandle Saturday afternoon or night.

Temperatures are to be warmer in the northwest with state highs generally in the 80s.

Barbara Powers Resting In Paris

By Michel Dominik
Paris (AP) — Mrs. Barbara Powers, red-eyed and weary, said Friday night she had done everything she could do in Moscow to aid her husband, U2 pilot Francis Gary Powers.

Looking pale and worn, Mrs. Powers arrived here on her way back to the United States. Mrs. Powers shrugged her shoulders and said: "I don't know. I just don't know. It all depends on circumstances."

Everything
She said her husband, who was sentenced to 10 years' loss of liberty, "would give everything he owns in this life to follow me back to the United States."

Asked if she planned an appeal either to President Eisenhower or the State Department, Mrs. Powers replied, "I'm not a diplomat or a lawyer. I don't know what I could do. But I suppose that something could be done."

Asked if she planned to make further appeals to Soviet authorities, she said: "I have done everything that I can do. If it could help I would apply to Khrushchev again."

Mrs. Powers said she does not plan to return to Russia at once because she would be allowed to see her husband

only one hour every two months.

Weakened
Tired and red-eyed, she answered questions in a voice that at times dropped to a whisper. Wearing a simple black dress and no jewelry, she talked with newsmen about 20 minutes. At the end of that time she seemed to weaken and a family doctor escorted her to her room.

Mrs. Monteen Brown, Barbara's mother, said "we are both very tired and will spend a few days in Paris with friends before going home."

She declined to say when they will leave.

Asked if Mrs. Powers had received any word from Soviet Premier Nikita S. Khrushchev in answer to her request to see him and plead for clemency for her husband, Mrs. Brown said "no, nothing at all."

Requested
Mrs. Powers also has requested clemency for her husband from President Leonid Brezhnev.

In Washington, the White House announced the Soviet government had made no response to requests that a member of the U.S. embassy staff be permitted to see Powers.

But a Tass dispatch from Moscow reported that Vincent Hallinan, a leftist lawyer from San Francisco, had been permitted to visit Powers after his trial. Hallinan attended Powers' trial at the invitation of the Soviet government.

Record Crowd At Fair Sale

A record sized crowd was on hand for the 4-H Lancaster County livestock sale Friday when the fair came to a close with the sale of 112 head of baby beeves, swine and sheep.

The top figure of the sale was paid by the John L. Hagerman Insurance Agency of 920 North 48th when Hagerman posted the 30 cents per lb. bid on the Reserve Champion Fat Lamb shown by Bruce Damrow of Roca.

The top figure for the 64 baby beeves selling was 28 cents per lb. paid to Ruth Halling of Ceresco by Lancaster County Bank at Waverly.

The champion barrow of the swine show shown by Marilyn Munn of Waverly received the top price paid for swine when her winner sold for 24 cents per lb. to the Farmers Co-Op Elevator at Waverly.

The 64 baby beeves selling averaged \$24.74 per cwt., 32 sheep averaged \$19.75 per cwt and 16 hogs sold for \$17.12 per cwt.

Kohler Ordered To Rehire Hundreds Of Strikers

1,700 Are Affected

... Fired In 1954

Washington (AP) — The National Labor Relations board Friday pronounced the Kohler Co. guilty of prolonging by unfair labor practices a 6-year-old strike at its plumbing fixtures plant.

The Wisconsin firm was ordered to rehire up to 1,700 strikers fired in 1954.

The company announced an appeal, and indicated there would be no change in the status quo until a final court decision is reached.

Walter Reuther, UAW president, called on Kohler to resume bargaining to settle the protracted dispute. But, he said, as long as the company wanted to prolong it by a court appeal, the union has appealed here Friday to the courts too in an effort to win jobs back for some 77 strikers denied reinstatement by the NLRB.

The UAW claimed victory "against the medieval attitude of the Kohler management toward its employees" adding that "one of the few remaining holdouts for 17th century industrial relations has been brought to book."

Union Reprimanded 100

The board decision Friday held against the union in some respects. It ruled the union guilty of engaging in illegal "belly to back" mass picketing with resultant violence after the walkout began on April 5, 1954.

The ruling said Kohler was justified in firing some 77 other workers for directing or participating in this type of unlawful union activity.

The case has become celebrated as one of the longest and most hotly contested in NLRB history. The issues got tangled in politics after the Senate Rackets Investigating Committee held hearings in to its violent aspects.

Expansion Of Northern Gas Ordered Cut

Washington (AP) — The Power Commission Friday authorized Northern Natural Gas Co., Omaha, to reduce the scope of an expansion authorized in 1959 so that overall cost will be \$101,469,000 instead of \$114,618,000.

Northern was authorized on July 31, 1959, to expand facilities to serve 342 additional communities in Minnesota, Iowa, Wisconsin, South Dakota, Nebraska and Illinois.

However, the commission attached conditions requiring that distributing companies which would be served in 124 of the communities would have to make contributions to construction costs.

Two More Mutual Fund Firms Make Appeal On Ruling

Two more mutual investment fund firms Friday appealed to Lancaster District Court a July 28 ruling by State Banking Director E. N. Van Horne.

Founders Mutual Fund of Denver, Colo., and United Funds Inc. of Kansas City, Mo., both are appealing Van Horne's refusal to let them sell their contractual investment fund shares in the state.

Van Horne held that the sales commission on the shares exceeds 8.75% in violation of a banking department regulation.

Hamilton Funds Inc. of Denver previously appealed the ruling. This case is still pending.

Kennedy-Johnson Given AFL-CIO Chiefs' Support

Washington (AP) — The AFL-CIO General Board Friday endorsed the Democratic presidential ticket as being in the best interests of the nation and the American labor movement.

The board, consisting of representatives of all the federation's 135 labor unions, also issued an attack on the Republican presidential nominee, Richard M. Nixon. It said Nixon's history "as a partisan campaigner... raises grave questions of his fitness."

The board said close study of the respective party platforms and records of the candidates made clear a choice of the Democratic ticket of Sens. John F. Kennedy of Massachusetts and Lyndon B. Johnson of Texas.

14 Million Members

It recommended that all the AFL-CIO's 14 million members vote for the Kennedy-Johnson combination in November. Toward that end, the labor chiefs launched a drive to achieve maximum voter registration and issued an appeal for more labor campaign funds.

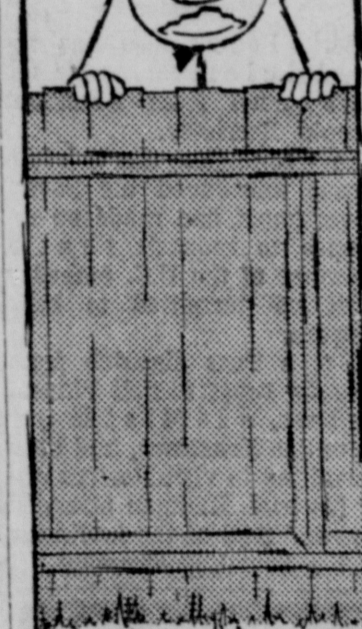

Kennedy, asked about the endorsement, said "I am very pleased to have their support."

George Meany, federation president, told newsmen the labor leaders are "enthusiastic" over the Kennedy-Johnson ticket but he is making no predictions of the election outcome. He said he could deliver nobody's vote but his own.

Secretary of Labor James P. Mitchell, a staunch Nixon supporter, said the AFL-CIO action should be recognized as an "expression of personal preference of a small handful of men — it doesn't purport to represent the views of the union membership they represent."

SEN. KENNEDY TELLS VFW: U. S. Leadership, Security Slipping

Detroit (AP) — Declaring that "our security and leadership are both slipping away from us," Sen. John F. Kennedy said Friday there is only one defense policy for the United States—"first in military power across the board."

The balance of world power is slowly shifting to the Soviet-Red Chinese bloc, the Democratic presidential candidate told the national convention of Veterans of Foreign Wars here.

Both before the VFW and in a telephoned address to the American Veterans of World War II (AmVets) at Miami Beach, the Massachusetts senator pointed to Cuban Premier Fidel Castro's government as an enemy.

"There is no doubt about the Communist orientation of the Castro government," he told the AmVets. "It is a satellite of the Soviet Union intent on spreading Communism in Latin America."

Vice President Richard M. Nixon, Kennedy's Republican rival for the White House, told the VFW two days ago that the United States is first in the world militarily, economically, scientifically and educationally and will be in the future.

Friday, Kennedy declared: "I would like to give those rosy reassurances too, but I cannot in all honesty make those claims."

Kennedy got a rousing reception from the VFW, its auxiliary and the general public. Nixon got the same two days ago. There were standees for both speeches and both candidates were cheered along their routes.

Varying Estimates

Reporters who covered both differed on which got the better reaction and sparked more enthusiasm. There also were varying estimates on which got the larger crowd.

The VFW said Nixon got 11,500, including an overflow 1,500 to whom the speech was piped in a nearby room. There was no overflow Friday.

VFW Commander Louis Feldmann, a Republican, estimated Kennedy's audience at 10,000 to 11,000. Detroit Councilman Eugene I. Van Antwerp, a Democrat, figured the attendance at 15,000.

House OKs A Care For Aged Bill

Washington (AP) — The House passed Friday a limited bill for health care of the aged, amid Democratic predictions of broader programs to come "when John Kennedy is our President."

The Senate was expected soon to complete legislative action on the measure, center of one of the bitterest and most partisan fights of the session.

Indications were that President Eisenhower would sign the bill. Its benefits could reach as many as 12 million persons.

The bill provides for federal grants to help states which set up medical benefit plans for citizens on the old age assistance rolls and those just above this economic level, but still with incomes too low to meet medical expenses.

Assuming all states chose to take part, the federal grants would run about 200 million dollars a year, ranging up to 80% of the cost of state programs in states with low income.

FAA To Meet With Civilian Pilots Sept. 30

Washington (AP) — James T. Pyle, deputy administrator of the Federal Aviation Agency, has agreed to meet with Nebraska civilian pilots to discuss new FAA regulations.

Rep. Larry Brock (D-Nebr.), in announcing this Friday, said the meeting will be at Fremont, Neb., on Sept. 30.

Brock said members of the organization have been concerned over the new regulations which affect civil aviation pilots and airport operations.

He cited as an example of the regulations about which he received queries while in Nebraska one which requires pilots to change to a different type of radio by 1963.

NEW CITY SERVICES IN BUDGET

(Continued from Page 1.)

000 and has an assest valuation of \$3,400, you'll pay approximately \$276 on it for governmental support.

It would then be \$13 more than you paid last year.

And in Lincoln taxes alone, you will pay \$3.74 more to help pay for city services.

Improved and expanded city services are included in the new budget, which contains \$5,322,066 in property tax and other revenue supported items.

Some of these new items are: more police and firemen, a higher park budget, two new swimming pools, new hospital equipment, a city employees' retirement plan and salary hikes.

The new city services and items will be made possible by the 1.1 mill increase plus higher city valuations and cuts from some department budgets.

In other governmental levies: schools will take the biggest shunk of the taxpayer's dollar with a levy of 46.14 mills, up 2.9 from last year's levy; Salt-Wahoo will get .75 mill; the state levy is down .02 mill; institutional up .10; and airport authority and county levies remain the same.

The city levy was originally estimated at 17.9. Finance Director James Mallon said the one-tenth mill slash was due to lower expenditures and more revenue than was expected for the rest of the fiscal year.

Effective Sept. 1

The new budget goes into effect September 1.

Mayor Pat Boyles, commenting on the new budget, praised the council for its work.

"I am pleased that the mill levy wasn't as high as was originally expected," the mayor said. He added that "the people aren't getting all they want or need, but there are more new services than we expected last fall."

Council members attending the special meeting: D. L. Tyrrell, Mayor Boyles, C. W. D. Kinsey and Hugh Thorne. Other council members were working or on vacation.

Attache From U.S. Booted

Turncoat Accuses Yankee Army Man

Moscow (AP) — A turncoat American soldier Friday night accused the U.S. Embassy army attache in Moscow of espionage activity.

The charge was made on a Moscow TV program a few hours after the Soviet Union economic attache ordered the attache to leave the country, charging he had been involved in a spy ring.

The economic attache is George Payne Winters Jr. The Army attache is Col. Theodore F. Hoffman.

The accusation against Hoffman by a former member of a U.S. Army intelligence unit in West Germany could foreshadow ouster action.

Vladimir Sloboda, 38, a Polish-born U.S. soldier who deserted his unit in Frankfurt, Germany, 3 weeks ago and sought political asylum in the Soviet Union, made the TV charge against Hoffman.

Sloboda Charge

Sloboda declared American spies are sent to the Soviet Union disguised as tourists, members of official delegations and as diplomats. He named Hoffman during a discussion of diplomatic personnel.

Catholic Schools Close Doors; Enrollment Woes

...Elementary Classes Full

Elementary grade enrollment in the Lincoln Catholic schools has been closed prior to the beginning of classes for the first time in the 75-year history of the Lincoln Diocese.

According to Msgr. Jerome Murray, diocesan schools superintendent, there is still room in the junior high grades and at Pius X High School, but there is no room left in the lower elementary grades.

He said he had no idea how many students would be forced to attend the Lincoln Public Schools due to the closing of the overcrowded Catholic classrooms.

Saturday Classes

Parochial students attending public schools will have an opportunity for religious classes on Saturdays, Msgr. Murray indicated.

He said the enrollment would be at least 3,000 after the first count when classes begin Sept. 1. This is a new record for Lincoln Catholic Schools.

Absence Of War Not Peace, Warns Gruenther

Ex-NATO Chief Addresses Legion Convention Opening

Omaha (AP) — "More and bigger bangs" aren't going to solve world problems and tensions, Gen. Alfred E. Gruenther told the opening joint session of the Nebraska American Legion and auxiliary Friday.

Gen. Gruenther, former commander of North Atlantic Treaty Organization (NATO) forces and now president of the American Red Cross, said missiles, hydrogen bombs and an alert air striking power "will prevent a hot war."

"But the absence of war is not peace," he said.

Gen. Gruenther said that while a sound military position is essential to U.S. well being, that is not the only important thing.

"The Soviets don't want a

hot war any more than we do," he said. "They think they can accomplish their objectives through infiltration, splitting off allies and effectiveness in underdeveloped countries, a prime example of today being the Congo."

"We can pour billions of dollars into defense and still lose our shirts," he said. "The military aspect is only one factor in today's battle of survival."

'Political War'

In an earlier interview Gen. Gruenther said with retaliatory forces what they are, World War III is quite unlikely, "but political war is very real and we must ever be on guard against it."

A return of the Yankee Doodle Dandy type of patriotism that "prompts a tingling sensation when Old Glory passes by" has been called by a national vice commander of the American Legion.

Willard Brandt, 38-year-old World War II Army veteran from Linton, N.D., said it is not enough to "say you're a citizen of a free country."

"If you do nothing to maintain that freedom it's like saying you believe in God but don't have to go to church," he said.

Parade Saturday

The convention will run through Sunday with a huge parade featuring at least 15 bands the Saturday feature and the election the Sunday feature.

Seeking the commander's post are Dr. Floyd Paynter, Omaha, and C. Kenneth Yost of Kenesaw.

Resolutions will be adopted at the Sunday session.

\$3,000 Missing From Bar's Safe

Omaha (AP)—Kato's Bar in North Omaha turned up Friday with about \$3,000 missing from a safe.

Simon Gibeal, proprietor, said the money, no denominations higher than \$20 bills, was kept to cash checks. He said the money was in the safe when it was checked about 3 p.m. Thursday.

Gibeal said the safe was unlocked.

Steam Engine Captivates Crowd

By Dean Terrill
Southeast Nebraska Bureau
Crete—It was easy to spot the Old Settlers—they were the ones offering sideline advice to the very young operator of a very outdated steam engine.

Most of the other first-day spectators at the Saline County fair just started in bewilderment at the 11-ton fire-eating monster being fired up by 17-year-old Floyd Zabel of Western.

"You can soon tell which oldtimers know what they are talking about, just from the coaching they give," explained Floyd's father, Roger, owner of the huge machine. "I don't know whether

the steamer is getting more attention from them or the youngsters who've never seen one."

3-Day Fair

The unusual threshing demonstrations powered by a 1925 Minneapolis traction engine are proving to be a real highlight of the 3-day fair. Sponsored by the Saline County Historical Society, the outfit will continue to operate periodically through Sunday.

Among those enjoying the huffing, hissing and whistling was Fred Ball of Crete, president of the Saline Old Settlers.

"I followed one of those babies around for 20 years, and it sounds pretty good to hear it again," he remarked.

Some 75 Old Settlers attended a noon picnic, after which they heard county historical highlights reviewed by J. W. Kaura of De Witt, Historical Society president.

History Recalled

Speaking appropriately in the shade of a Tuxedo Park log cabin, he related incidents dating back to 1858.

The fair has brought out exhibits in much larger numbers than last year, ac-

Byron Hooper Dies Suddenly

... McDonald Head

Hastings (AP)—Byron Hooper, 59, president of the J. M. McDonald Co., died at work Friday afternoon.

He had returned to the office after attending a Rotary Club meeting. Mr. Hooper, who had been associated with the McDonald firm since 1927, was elected president just 10 days before his death. He had been executive vice president since 1952. The firm operates 109 stores in 12 states.

Mr. Hooper, who was born in Oxford, Neb., attended the University of Nebraska. He began his career with McDonald at the company's Holdrege store. Later he managed the Norfolk store for 15 years. Between 1950 and 1952 he was a district manager and supervised the company's stores in Texas and New Mexico.

Mr. Hooper was president of the Hastings corporation, and a member of the Rotary, Chamber of Commerce and the Masonic Lodge.

Survivors include his wife; a son, Byron Hooper Jr., of Denver, and a sister, Mrs. Richard Brown of Holdrege. Funeral services are pending.

Young Father Dies In Crash

Maxwell (AP)—A 21-year-old Maxwell father of two was killed, apparently instantly, Friday when a one-half ton pickup truck crashed into a bridge 3 miles south of here.

The victim was identified as LeRoy Tunison, an employee of the Central Nebraska Public Power and Irrigation District.

Investigators said the mishap occurred on the Fort McPherson National Cemetery road.

The death raised the Nebraska highway fatality toll to 162 for the year. A year ago, the figure was 221.

MUD Appeal Is Received By Supreme Court

The Nebraska Supreme Court Friday received the transcript of proceedings in the appeal by the city of Omaha in a case brought against it by the Metropolitan Utilities District over collection of the sewer use fee.

MUD, a municipal corporation having exclusive management and control authority over the water and gas system serving the city, started the action.

According to the transcript, MUD said it has no authority, under a contract signed in March, 1960, to collect sewer rental and use fees, even though Omaha contends that a law passed by the 1959 Legislature authorizes it to do so.

The District Court decreed that the contract was "inoperative and without force and effect," saying the 1959 law is unconstitutional as "special class legislation" inasmuch as it subjected property renters to liability for the fees. Renters are not liable for such fees in all cities of the state, the court said.

HIGHWAY INFO MEET SEPT. 2 AT NORFOLK

The Governor's Office announced Friday that the fourth in a series of informational meetings, to be conducted by the Highway Advisory Commission, will be held Sept. 2 at 9:30 a.m. at the Hotel Madison Ballroom at Norfolk.

Either Gov. Brooks or his administrative assistant Robert Conrad will attend the meeting.

Counties to be covered at the meeting are: Wheeler, Boone, Madison, Antelope, Pierce, Knox, Cedar, Wayne, Stanton, Dixon, Cuming, Dakota, Thurston, Burt and Platte.

Public Opportunity

Purpose of the meetings are to afford the public an opportunity to express themselves on highway problems of their areas with the information gathered used as an additional tool in planning the next two-year road program.

Representing the Highway Department at the Norfolk meeting will be Acting State Engineer John Hossack, Division Engineer George Koster, Acting Planning Engineer Bruce Gillan, and Information Chief Cecil Elloe.

Representing the Highway Commission will be Vice Chairman Merle Kingsbury of Ponca, Commission Joseph T. Votava of Omaha, and Secretary Ed Finigan.

Steady To Strong Prices Mark First Fall Auction

Omaha (AP) — A run of nearly 2,600 head of feeder cattle brought steady to strong prices Friday in the first feeder cattle auction of the 1960 fall season, compared with a firm to 50 cents and higher trend which marked the start of the stocker and feeder trade at Omaha this week.

Two-year-old feeder steers sold from \$2.75 to \$2.75 per hundred, the top price going for 769-pounders from Phil Boyd and Son, Wyola, Mont.

Two-year-olds from Edwin P. Williams of Lewellen, Neb., weighing 872 pounds sold at \$2.50.

Yearling stock steers sold up to \$26.00 and \$26.25, the top price going for 520-pounders consigned by Carl Jorgensen of Pinedale, Wyo. The Wyoming rancher also had 613-pound steers at \$25.75 and 430-pound heifer calves at \$25.00. Other calves in the sale sold up to \$24.25 and \$24.75. Other stock steers went at \$24.00 and \$25.25.

Feeding heifers from the Rolling Stone Ranch, Wood Lake, Neb., 1959 fall calves weighing 667 pounds, sold at \$24.25. Other replacement heifers went from \$22.50 to \$24.00. Steer calves sold up to \$27.25 and \$28.25, the latter for 430-pound calves from the George McGinley ranch at Keystone, Neb.

The sale attracted a crowd of more than 1,200.

The Livestock Foundation of Omaha said the next feeder auction will be Sept. 9.

Potential Unlimited

By WILLIAM O. DOBLER

"American Newcomer" is a somewhat unusual organization devoted to the preservation and honor of the history of business and industry. Periodically, it meets to hear from one of its members give an account of that person's own institution and its influence upon the times. Such an account was given at one of the most recent meetings by John Evans, president of The First National Bank of Denver.

This is a bank which began the coinage of gold mined from Pikes Peak in 1860. Mr. Evans' account takes one through the 1870's — years which included such things as 18 to 20 per cent interest rates on first class commercial paper, the Panic of '73, the grasshopper plague, drought, the discovery of silver at Leadville in 1877 and the battle for Colorado statehood. In the eighties there was "The Big Freezeup" which staggered the fledgling cattle empire of the Rockies. In the nineties, repeal of the Sherman silver purchase act cut the heart out of the silver business and there was general business panic in the area.

But these and many other storms were weathered and Mr. Evans remarked of the present: "In the foothills to the north lies the Atomic Energy plant; to the south, the magnificent new United States Air Force Academy. Only a few miles west of the spot where the bearded prospectors first panned Pikes Peak gold has arisen the huge Martin missile plant. How far we have come in a hundred years — from the stagecoach era to the space age."

It is, in fact, a remarkable thing to contemplate — the development of this nation and the transformation that has taken place in it. In a light and entertaining period with Vice President Richard M. Nixon, TV's late hour king, Jack Paar, pondered the other night the ominous presence of tension in the world.

Do you ever think, he asked the vice president, that our children will see the day when we are not being threatened by someone or that some terrible disaster is not poised and ready to descend upon us? Mr. Nixon believes that we might, indeed, see such a day, although it will not come about through wishful thinking. The beauty of our times, Mr. Nixon explained, is that we have in this challenge of world turmoil a fantastic opportunity to achieve a level of civilization that men have dreamed of for centuries.

Not A Labor Congress

Those who charge the Democrats as being far too liberal and too generous to labor will have to pit their claim against a record for the 86th Congress which is decidedly not in favor of labor. Congressional Quarterly reports that out of 76 major AFL-CIO legislative proposals involving bread-and-butter labor issues, only seven have been sent to the President and two of them have been vetoed by Mr. Eisenhower.

Labor could have salvaged a lot had the current post-convention session been able to produce an increased and expanded minimum wage, the Forand medical aid bill and a bill to exempt picketing of joint construction sites from Taft-Hartley Act prohibitions against secondary boycotts. Labor also backed expanded aid to education and housing bills, neither of which will ever see the light of day in the current session.

These results came with the Democrats holding a 282-to-153 majority in the House and a 62-to-34 majority in the Senate. They

This is the impressive thing about any review of the history of this nation and any speculation upon the future. The present will always have its difficulties but when we can go in 100 years from the stagecoach era to the space age, is not tomorrow a dream big enough to stagger the hopes and imagination of even the most ardent dreamer? Early settlers of the West dreamed of cities which might someday have as many as 50,000 people in them. The leaders in those days would simply not believe it if they could see today the sprawling metropolitan areas of our country.

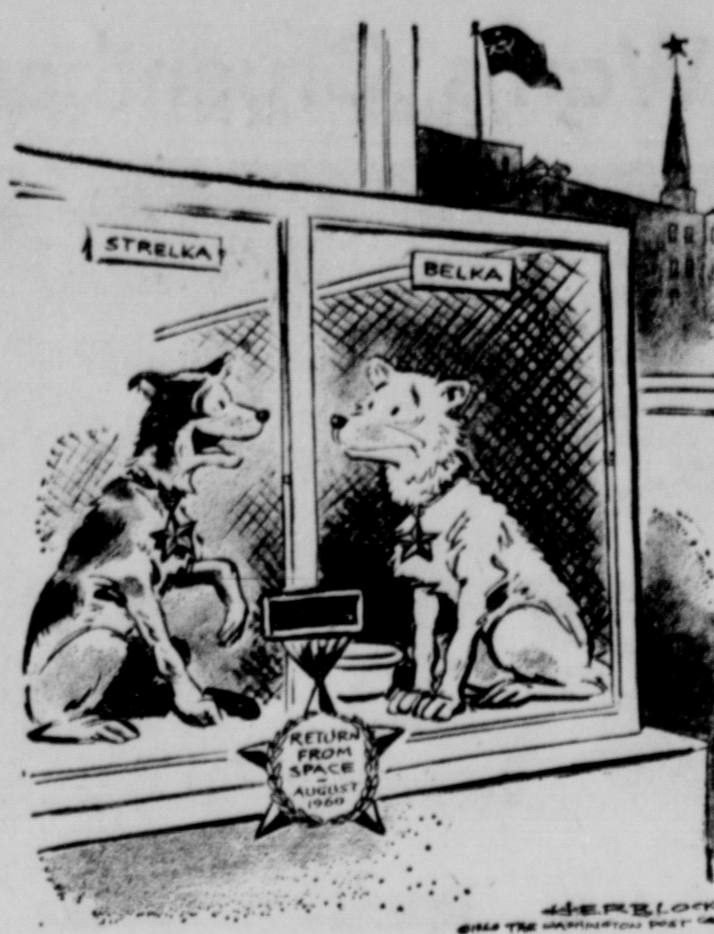

One need not advocate revolution to catch a glimpse of what the next century might be like. But it will be a century of evolution and those who do not believe this are like the early settlers who thought each disaster spelled the end of advancement and progress. It will be an evolutionary period because we have come to realize one thing — there is no limitation to mankind's potential.

There is no reason that any man must go to bed hungry at night, that some people must have no roof over their heads, that millions of infants must die at birth and that other millions must die before their time. There is no reason for poverty, ill health and ignorance that cannot be overcome. There is nothing fatalistic about war and international disorders.

Capitalizing upon these truths is another thing for all we know at this time is the possibility that exists. Just as we know that man will sometime land on the moon, we do not know yet exactly how this all will be accomplished. We are closer, perhaps, to knowing this than we are to the answers for more human considerations of our social order such as food, clothing, housing and health for all men. But the strides of science in all fields, the onward march of medicine and the emergence of a new social consciousness are hurrying us into the unknown at a tremendous rate of speed.

As we travel this road, there will be many disappointments and many mistakes. Not every new idea is going to be a good one and not every effort is going to be successful. But, for every danger that exists and every tension that excites us, there will be a corresponding expectation of achievement that now and then, at least, is going to be fulfilled.

GOP Conservatism Halted Medical Plan

WASHINGTON — It was Sen. Jack Kennedy personally who blew the whistle on the rump Senate session. He gave up hope of enacting any of his program into law after the GOP high command cracked the whip and kept all but one Republican from voting for a liberal old-age medical insurance plan, previously endorsed in the Rockefeller-Nixon platform concocted on the eve of the Chicago convention.

Kennedy had counted upon liberal Republicans to help put across his recommendations. But GOP discipline was so effective that even New York's Senators Jacob Javits and Ken Keating, close friends of Rockefeller, deserted the liberal ranks, although their own governor had endorsed the Kennedy plan.

Only New Jersey's Sen. Cliff Case refused to jump at the crack of the GOP whip.

Senate Leader Lyndon Johnson, who has a reputation for legislative sleight-of-hand, was expected to pull a rabbit out of the hat for the Democrats. But even he couldn't budge the phalanx of southern conservatives who lined up solidly with the Republicans for a watered-down medical bill.

This made the outlook for other liberal legislation so bleak that Kennedy suggested closing down Congress as fast and gracefully as possible and getting on with the presidential campaign.

On the House side, Speaker Sam Rayburn is going through the motions of trying to blast the housing and education bills out of the Rules Committee. Here again, four southern Democrats and four Republicans have joined forces to suppress the liberal versions.

press the liberal versions.

In the end, Republicans will accuse the Democrats of accomplishing nothing, the Democrats will accuse the Republicans of blocking liberal legislation, and the doors of Congress will close with a resounding political bang.

For a long time the United States has been missing a unique opportunity to win friends and influence people in Latin America. It has been neglecting the Pan American Highway.

With no other part of the world save Canada is the United States linked by land. The American motorist who loves to fill up his car, pack up his family, and go places, cannot drive to Europe, cannot drive to Asia, but he could drive to Latin America—if there were a highway.

For approximately 50 years, the United States has been talking about a highway via the Isthmus of Panama to South America, and has been working at it spasmodically. But it has been held up because of perennial budget cuts.

Meanwhile, Mexico has built its own network of highways. And although limited, they carry a stream of tourists into Mexico City every year. This has helped balance the Mexican budget and on the whole has spread good will.

So if the Pan American Highway were completed, a whole new series of motels, restaurants, garages, and tourist industries would link the USA with Latin America, and people-to-people friendship between the North and South of the western hemisphere could be practiced as never before.

Summer Temperature Incentive For Murder

NEW YORK—All in all, it was an excellent day for murder.

This was the rather macabre opinion of Erle Stanley Gardner when we met him some time ago—and it still gives a gratifying chill to think back on the conversation.

"Have you ever thought seriously of getting murdered?" inquired Mr. Gardner politely.

"Why, no," we said. "Not seriously."

"Perhaps — this is just a suggestion, of course — you might. The weather is beastly hot. And you know what hot weather does to the murder ratio, don't you?" Inadvertently, he glanced at the ceiling. "Goes up," he said. "rather sharply."

The literary papa of Perry Mason and one of America's most prolific authors of "whodunits" — although, in the literature Gardner's case, "whodithems" is preferred — went on to warn that women are particularly susceptible to murder between the ages of 25 and 35.

Not to being murderers, he hastened to explain. But to being murderesses.

These are critical ages, because "at these times women are more inclined to rebuke one man once to often."

And men are touchy about that sort of thing.

Stories Of Famous Hymns

Lead Us, Heavenly Father, Lead Us

Lead us, heavenly Father, lead us
O'er the world's tempestuous sea;
Guard us, guide us, keep us, feed us,
For we have no help but Thee;
Yet possessing every blessing
If our God our Father be.

Saviour, breathe forgiveness o'er us,
All our weakness Thou dost know;
Thou didst tread this earth before us,
Thou didst feel its keenest woe:
Lone and dreary, faint and weary,
Through the desert Thou didst go.

Spirit of our God, descending,
Fill our hearts with heavenly joy,
Love with every passion blending,
Pleasure that can never cloy;
Thus provided, pardoned, guided,
Nothing can our peace destroy.

By HORACE B. POWELL

Some of the world's best and most beautiful hymns have been written—not by poets but by business and professional men. James Edmeston, the author of "Lead Us, Heavenly Father, Lead Us," was a London architect and surveyor. He was born in 1791 and was an ardent Christian and a devout churchman all his life. In his later years he served as warden of St. Barnabas' Church at Homerton.

Throughout his life, he had a special interest in and love for little children, particularly those in the London Orphan Asylum, for whom this hymn was created. It is said that for many years he wrote a hymn every Sunday for his own family devotions. In all, he authored more than two thousand religious songs.

Best-known of all of his songs, perhaps, is "Lyrics," "Infant Breathings," and other collections.

First Things First

Lincoln, Neb.

This is not the time to start sanctions against the Dominican Republic. The first task is to liquidate Communist dictatorship in Cuba. Only when that is accomplished can we start to think what sanctions to use against capitalistic dictatorship in the Dominican Republic which is friendly to our country.

A. F. NICHOLAS

Matter Of Surpluses

Lincoln, Neb.

With the coming of our November election, I think it is high time for us to consider which man should be chosen by the voters of our nation. Will it be the one who will make the most flowery promises, knowing all the time that the promises can't be fulfilled without raising another \$25 billion in tax money to build more cribs and bins?

As I look back over my past years, I can remember as a small boy the campaign of McKinley and Bryan, which was a hard-fought campaign if ever there was one. I can also say that I am one of the few Nebraskans privileged to have the honor of shaking hands with the old standby, "Teddy," who carried the club. Teddy made a speech from a platform built on a third-floor fire escape, but I don't remember the date.

Our big issue today is the farm problem. Reports are that only 13 per cent of our population lives on farms. And the big problem is the large surpluses on hand. FDR and Truman as Democrats had their try and failed. The surpluses kept piling up because of overproduction. Then Ike took a hand and didn't change things any.

Now along comes a man from Massachusetts which is classed as a manufacturing state, and he's going to show the farmer how to increase production still more and also increase the price per bushel. Will Mr. Kennedy please make his plan known so he can't fool us as the other three have done?

Our past trouble has been government payments with restrictions. Any land-owner could get his quota in the thousands of acres, assuring him a sure return of \$190 a bushel or whatever number of acres he planted.

The city people are under the impression that these vast millions in taxes are helping the small poor farmer, but it's the 10,000-acre fellow who gets it. As an interested farmer, I advocate that actuaries be appointed and find out how many 160-acre farms there in the United States, then what our annual consumption is, plus a carry-over. Then an average number of acres on each 160 acres should be figured, and an estimate made of 25 bushels per acre, with all crops raised on that basis.

Regarding farm organiza-

tions, the only ones benefiting are the office forces. I have yet to meet my first farmer who drew any cash money from his organization except from working up new prospects.

They would like us to believe if all the farmers would hold their hogs back 60 days, we could demand our own price. The packers always have a six-month supply ahead. When the packers fill their coolers, that is not figured by the number but by tonnage. With a hog putting on two pounds of weight a day, 60 days means 120 pounds more weight, meaning it would take that many fewer hogs per ton weight — a good way to raise our surplus pork.

Let's study these matters closely and not take mortgages on our children and grandchildren after us. Let's vote for the man in whom we have confidence. FDR couldn't — Harry couldn't — Ike didn't. Study your man. A.J.B.

Always Targets

Lincoln, Neb.

Regarding "Voltaire, Jr.'s" letter in the August 22 Star, it's never sporting by word or pen to belittle the opposing team spitefully or to meddle in political and religious beliefs. It is each to his own. Those who slur the free government and the men chosen by the people are the ones who are resented. Regardless of their party, constructive criticism is always welcome to any platform.

Being unable to see both sides to every problem is narrow-minded. To say one side is all bad, that is an irrational cynic in America. Every presidential candidate has been a target for verbal lambasting down through time. Those with foresight pluck the grain from the chaff. A man should not be judged by his name but what he knows he can do.

not what he thinks can be accomplished.

Also one would be most interested as to which president and party should cover their faces in shame? That's rather an oversized word. Who did what to whom?

ANITA CLARK

Church And State

Wilber, Neb.

In complete accord with "Kennedy Fan" (Star Aug. 23) and millions of other Americans, "we must do as much as we can to separate church and state." So it's the "bigoted and narrow-minded" who refuse to support Sen. Kennedy?

I will be glad to support Mr. Kennedy if "Kennedy Fan" can point to a single Catholic country anywhere in the world where Protestants are not harassed and persecuted for their religious faith. If there are any "bigotry and narrow-mindedness" they were invented by Rome and are still in effect.

Genial Jack has repeatedly stated that he will not be influenced by his church, but at least on one occasion he backed up when ordered so by his bishop.

NOT A KENNEDY FAN

What am I?

You Are Cordially Invited
by Every Pastor of This
Area to Attend Church or

**HAVE
FAITH
IN
GOD**

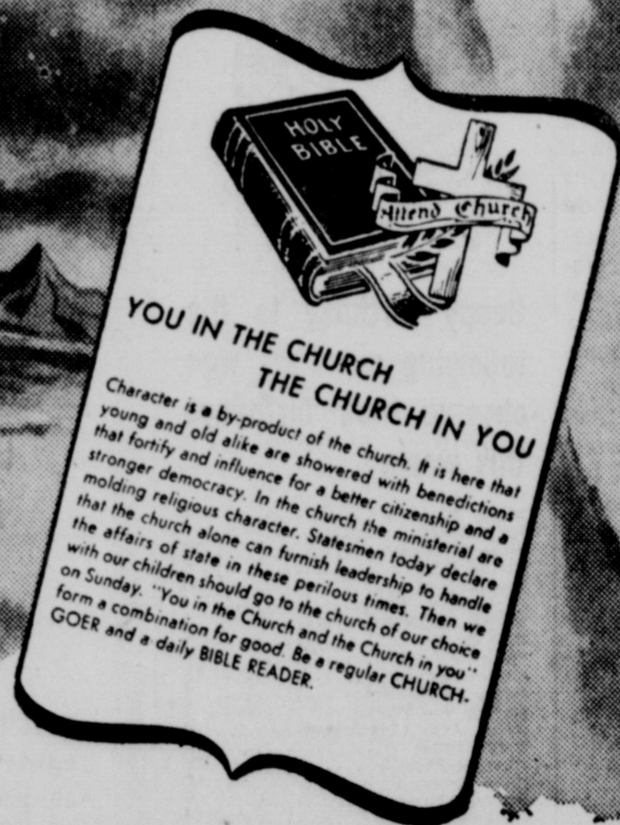

You are a small part of a great plan. The more you learn the more you realize the greatness of that plan and find true humility.

Only when you acknowledge the fact that all men are in the image and likeness of God do you understand your relationship to all men, who are equally important parts of that greater plan and vitally necessary to its fulfillment.

The pattern is simple. The evidence is overwhelming. Hate destroys. Love creates. Peace is ours when we abide by the fundamental law of God, which commands,
"Love thy neighbor as thyself."

State Plans Appeal Of Frontier Cut

The Nebraska aeronautics Commission Friday voted to continue pursuit of the case before the Civil Aeronautics Board against Frontier Airlines, on behalf of the cities involved.

Jack D. Obbink, Nebraska director of aeronautics, said the state has already begun action to appeal to the federal courts the CAB decision allowing Frontier to suspend its service along the northern route through Nebraska.

A further hearing to determine if the northern route should be dropped altogether, and if so, if Columbus should be placed on the central route, is still pending.

In other business, the commission considered a proposition to set up a state airport alongside Johnson Lake south of Lexington to provide air transportation access to the recreation area.

The state has already set up two such airports for general aviation use, one at Harlan County Reservoir and another, equipped for 24-hour operation, at Lake C. W. McCaughy, north of Ogallala.

Mrs. Norma VerMaas Is Curtis Aide

Senator Carl T. Curtis announced the appointment of Mrs. Norma VerMaas, Lincoln lawyer, as Chairman of Women's Activities in Lancaster County for his campaign for re-election to the United States Senate.

Dwain L. Jones is serving as general chairman of Mrs. VerMaas the Lancaster County campaign.

Mrs. VerMaas in accepting the appointment said, "I am proud of the opportunity to serve the people of Nebraska by working for the re-election of Senator Curtis. I have long admired his statesmanlike courage in fighting for what is right and best for the state and the country, and his determination to keep the country on a sound basis."

Mrs. VerMaas will work in Senator Curtis' campaign with a Women's Board composed of women active in business and community affairs in Lincoln and Lancaster County.

The membership of the Board will be announced in the near future.

FLYING TIGERS MEET DEMISE

Robins Air Force Base, Ga. — The world-famed 14th Air Force, popularly known as the Flying Tigers, is no more.

A general reorganization of the Continental Air Command brought about the demise of the 14th by splitting its duties among 3 regional units coinciding with the 1st, 2nd and 3rd armies.

The Flying Tigers, born in the heart of China during World War II, first were commanded by the late Lt. Gen. Claire Chennault.

The last commanding officer was Maj. Gen. Chester E. McCarthy who spoke at ceremonies Friday denoting the passing of the famous unit.

Buzzing Attic

Midhurst, England (UPI)—William Leavesley, headmaster of St. Cuthman's school thought the buzzing sound in the attic was a faulty electrical connection. His wife thought it was a ghost. A workman said it was neither. It has a hive of bees.

Salt-Wahoo Pleased By \$412,000 Agreement

By Gerry Deal
Officials of the Salt-Wahoo Watershed District said they were pleased with congressional agreement on a \$412,000 federal appropriation for the local flood control and conservation project.

The approval by the Senate-House conference committee meeting amounted to \$162,000 for planning and \$250,000 for land purchases for the Salt-Wahoo project.

Robert Crosby, attorney for the district said, "We're very pleased that we were able to get the construction money. This places us in the

category of a going project rather than a project just in the planning stage."

District President Otto Liebers also commented that the \$250,000 places the Salt-Wahoo project in the classification of construction projects instead of just planning projects.

Proves Merit
"This is a recognition by Congress of the merit of the Salt-Wahoo District project," Liebers said concerning the appropriation.

"We're grateful to the Nebraska delegation in Congress for working so continuously and effectively to get this appropriation," he added.

In Washington, Rep. Phil Weaver and Sen. Roman Hruska said they were pleased the \$250,000 was included in the Senate-House bill.

Members of the delegation will meet within the next two weeks with Col. H. G. Woodbury, Omaha Army Corps of Engineers, to discuss the appropriation following the Engineers' action on the feasibility of the Antelope Creek Dam project, Liebers said.

State Projects
The following sums were approved for other Nebraska projects (the President's budget figure appears first; where only one figure appears the conferees accepted the President's recommendation):

Decatur Bend cutoff, nothing, \$155,000; Missouri River agriculture, nothing, \$175,000; Missouri River channel, Sioux City to Omaha, \$5.6 million; Missouri River channel, Omaha to Kansas City, \$2.8 million; Missouri River channel, Kansas City to mouth, \$3,475,000; Gering Valley flood control, \$530,000; Missouri River flood control, \$770,000; Shell Creek flood control, \$75,000; Vermillion River flood control, nothing, \$50,000.

Graduating Cadets Told:

'Leadership Cannot Be Mass-Produced'

By Jerry Farrell
"The need for mature, dedicated men has never been greater," Lt. Gen. John P. McConnell, commander of the 2nd Air Force, told Air Force ROTC cadets at Lincoln Air Force Base Friday.

Addressing graduation and commissioning ceremonies at the base the general said: "There is no factory cap-

able of mass-producing leadership."

"High levels of ability are needed in the Air Force," he said, "and there is a place in the service for all your talents."

3 Commissioned
Three cadets, Carl L. Davidson, of Oklahoma State University, James E. Gerwitz and James A. Goggin, both of St. Louis University, were commissioned as 2nd Lieutenants at the ceremonies which climaxed a one-month summer camp for 225 ROTC cadets from Middle West universities.

The cadets had studied various phases of Air Force life at the camp.

University of Nebraska students at the camp were cadets: Raymond K. Bradsky, of 7201 Havelock Ave., Lincoln; Leslie L. Cook, of Arlington; John F. Flory, of Beatrice; Lee J. Forbes, of Norfolk; David E. Harper, of Omaha; Ira J. Kroese, of Cook; Frank J. May, of Cheyenne, Wis.; Lyle D. Mitchell, of 1738 So. 14th, Lincoln; and David J. Stepan, of Clarkston.

Sioux Ordnance Employees Wage Schedule Altered

Washington (AP)—The Army Air Force wage board announced a revised schedule of rates for wage board employees at the Sioux Ordnance Depot, Sidney, Neb.

The average increase in schedule rates of about 8 cents per hour will be placed into effect at the beginning of the first pay period after Sept. 7.

About 524 employees are involved, including such blue collar workers as laborers, trade helpers and electricians—each with a different hourly wage scale at the present time.

Reconsideration Hearing On Dosek Case Set Sept. 1

A hearing on a motion to reconsider the suspension of Edward A. Dosek's insurance license has been set for Sept. 1 by State Insurance Director William Grubbs.

Dosek had his license suspended July 21. The original hearing on the motion was postponed last week.

Dosek is the Democratic candidate for Lieutenant Governor.

MISSILE TEST TRAIN PASSES FINAL TRIAL

Hill Air Force Base, Utah (AP)—The Air Force's minute-man Missile test train returned to this northern Utah air base Friday after completing its fourth and final test run.

Air Force officials said information obtained on the runs will be used in planning a fleet of Strategic Air Command trains which will serve as mobile launching pads for the new solid fuel Minuteman intercontinental Ballistic Missiles. The missiles and trains are expected to be operational in 1962.

The test train's final 10-day run took it 4,200 miles through Utah, Wyoming, Nebraska, Iowa, Missouri and Colorado.

Court Finds Man Innocent After Speeding Charge

Robert D. Stephens of 3701 So. 15th was found innocent by Municipal Judge Richard O. Johnson of a speeding charge.

Judge Johnson said police evidence as to speed was based on an estimate rather than an actual "clocking" of Stephens' car and therefore he acquitted Stephens.

Stephens, 24, was ticketed for allegedly speeding 50 in a 35 m.p.h. zone Aug. 7 after police had followed his car from 14th and High to his home.

additions would be made to it periodically, not only by him, but by succeeding governors.

Work of the Nebraska State Commission will be developed in association with the Nebraska State Historical Society.

Dr. W. D. Aeschbacher, director of the Historical Society, will serve as executive secretary of the commission.

Lincoln members of the commission are: Supreme Court Justice E. F. Carter, head of Boys State organization; William O. Doherty of The Lincoln Star; John Hart of The Lincoln Journal; Gordon Havlicek and Mrs. Harold Way, Daughters of Union Veterans; Maj. Gen. Guy N. Henninger; Sterling Muta; Nebraska Adjutant General Lyle A. Welch; State Commissioner of Education Dr. Freeman Decker, and Dr. James C. Olson, University of Nebraska.

Lumumba Orders U.N. Out

By Andrew Borowiec
Leopoldville, The Congo (AP) — Premier Patrice Lumumba said Friday he wants the United Nations to get its 17,000 troops out of the Congo when the last of the Belgian troops go, supposedly Monday.

The statement represents another sudden turnabout in Lumumba's attitude toward the United Nations. Only 4 days ago he had dropped his demand that the U.N. revise its military operations here. "We will assure order with our own troops and police," the premier said at Friday's impromptu news conference. "We don't want to replace the Belgian military occupation with a United Nations occupation."

Lumumba's newest demand came after rioting against his leadership outside the palace of culture. Lumumba had just begun addressing delegates of 12 African nations he invited to a meeting. Police had to fire shots over the heads of the anti-Lumumba demonstrators.

U.N. headquarters here had no immediate comment on Lumumba's desire that its troops leave. A timetable by Secretary-General Dag Hammarskjöld calls for the last of Belgium's soldiers to depart by Monday.

Panic would spread through the remaining white population here if U.N. troops left. Their presence is the main reason that any white settlers have stayed in the Congo. Lumumba, smiling, said the rioting was insignificant. The rioters had clamored for Lumumba's death in chants and on signboards.

"The Congo is not a paradise," said the premier. "Such incidents happen everywhere."

He said the demonstration

was the work of the Belgians—"and we know who they are." He again accused Belgium and France of trying to boil up trouble to split the Congo's provinces.

Lumumba said such activity is directed by a Belgian general staff set up in Brazzaville, across the Congo river in the former French Congo. That's why his government closed a ferry line to Brazzaville and cut off communications, the premier said.

Lumumba repeated his demand that control of all Congo airports be returned to his sometimes undisciplined Army. U.N. forces of Sudan and Ghana troops took over

Leopoldville airport after a series of incidents. The most serious was the manhandling of Canadian U.N. troops by Congolese soldiers.

Sudanese riflemen are entrenched around the airport. Their officers say: "We have orders to resist any aggression."

Congolese troops airlifted eastward into Kasai Province, where tribal clashes erupted, have gained control, according to Lumumba.

He hinted that his troops will soon deal with Katanga Province, further east, where provincial Premier Moïse Tshombe announced secession two months ago in defiance of Lumumba's wishes

for a strong central government.

"The problem of Katanga will be solved immediately," said Lumumba. "Tshombe is holding on only because of the presence of Belgian troops."

109 Million Old Enough For Voting

Washington (UPI) — About 109 million Americans will be old enough to vote by election day, Nov. 8, the Census Bureau said Friday.

The figure included all persons who will be 21 or older by election day and civilians 18 and over in Georgia and Kentucky, 19 and over in Alaska and 20 or older in Hawaii, where the voting age has been lowered.

Women of voting age, about 56.1 million, will outnumber men by about 3.4 million.

The bureau estimated there will be some 107 million civilians and 1.9 million members of the armed forces old enough to vote in the presidential election.

But many will be barred from going to the polls for failing to satisfy state requirements as to residence, registration or payment of poll taxes, the bureau said.

In addition, some people will not be permitted to vote because they are confined in jails or are inmates of mental hospitals and kindred institutions.

The bureau said "there are a substantial number of persons of voting age in the District of Columbia who lack voting residence in any state." They were included in the bureau's figures. An amendment to the constitution passed this year by Congress but not yet ratified by three-fourths of the states eventually is expected to let residents of the district vote for president and vice president.

The total of 109 million compared with 104.6 million in 1958, 102.7 million in 1956, 98.1 million in 1952 and 94.8 million in 1948.

In 1956 a record 62,027,000 Americans voted for president and vice president.

Earl Long Ready For La. Voting

Alexandria, La. (AP) — Former Gov. Earl Kemp Long battled Rep. Harold McSweeney down to the wire Friday night for the Democratic nomination to the House from the eighth Louisiana Congressional District.

Long became 65 Friday, almost twice the age of the 34-year-old Alexandria incumbent, who, two years ago, succeeded Long's brother, the late Dr. George Long.

Both candidates expressed the customary confidence of victory Saturday. Observers generally thought it would be a close race.

Polls open at 6 a.m. and close at 8 p.m.

Also Running
In another Democratic Congressional runoff Rep. T. A. Thompson of the seventh district was opposed by former State Sen. Arsene Stewart.

Thompson lacked just a few hundred votes of a clear majority in the first primary.

Interest in local races in some parishes was expected to swell the voting Saturday.

Long, who ran second in the 3-way July 23 first primary, has campaigned on his record as 3-time governor. McSweeney has emphasized his stand against more or higher taxes and against foreign aid.

Supporter
McSweeney has the support of former State Rep. Ben Holt, who ran a distant third in the first primary.

"I'm not a braggart," Long said in a birthday interview, "but I think I am going to win. People are churning up over this election."

Long was dressed informally for the interview—a shirt, an undershirt and shorts—that was all.

A Tide
"There's a tide, a current in my favor," he said, waving a cigarette to show the height of the tide. "Politics is like that. Right now the current is running in my favor."

Long blasted the "Committee to Save Louisiana From National Embarrassment as a tool of McSweeney's."

FRIDAY WAS BACK TO SCHOOL PARTY DAY

As a farwell to vacation, Miss Jan Salzman entertained 17 guests at a back-to-school luncheon at the home of her parents, Mr. and Mrs. Herb Salzman, Friday afternoon. The guest list was composed of young ladies who will enter their sophomore year at Southeast High School this fall. Seated on the floor (left

to right) are Dorothy Yost, Linda Chatfield, Cherie Magee and Nancy Heizenrader; in the second row are Dorrie O'Brien, Susie Jacobs, Sherry Rosewell, Jan Salzman, the hostess,

Jane Kreissman, Karen Lind, and Kay Kramer; and standing are Diane Smith, Gaynelle Groth, Kay George, Jean Muehlbeier, Susie Wagner, Barbara Fisk, and Anne Mulder. Not pictured is Kathy Bruce.

Also hostesses at a back-to-school party Friday were Miss Rosemary Rudolph, Miss Andrea Block, Miss Martha Portor, Miss Diane Fischer, and Miss Carolyn Knight, who entertained from 7 o'clock until 11

o'clock at Liebers party house. The guests included new sophomore students at University High School as well as former students who will enter the tenth grade. Seated on the floor, from

left, are Jerry Butcher, Jim Butcher, Mike Ault, and Don Ellingson. Behind the boys are from left, Martha Borter, Rosemary Rudolph, Andrea Block, and Alice Williams.

Town Talk

Time was when such places as Casablanca, Leopoldville and Dakar seemed at the far ends of the earth. They aren't right next door, of course, but with people coming and going to first one spot and then another, they seem much closer.

Casablanca will seem even a bit nearer this week end when Mr. and Mrs. Robert Sherwood and their children, Robert and Lynn, arrive in Lincoln for a visit with Mrs. Sherwood's family, Mr. and Mrs. B. Guy Chamberlin.

Mr. Sherwood has been serving as the American Consul at Casablanca, and after their leave in the States he and his family will be off again — this time to Dakar, French West Africa. If you should find French West Africa a spot in which you would rather not be at the moment, how about Leopoldville? That is the assignment the Sherwoods almost had.

And just in case you don't remember — Mrs. Sherwood is the former Pat Chamberlin — Kappa Alpha Theta at Nebraska.

This morning Miss Judy Mueller, whose marriage to Roger Hall, Jr., of Omaha will be solemnized on Sept. 3, at the Trinity Methodist Church, makes announcement of the bridal entourage.

For her matron of honor Miss Mueller has chosen her sister, Mrs. Robert Pecha of Kirkwood, Ill. The three bridesmaids will be Mrs. William Clark of Omaha; Mrs. Stanley Stumpf, Jr., of New Orleans, and Mrs. Robert Wiegell. Miss Susan Hall of Omaha, sister of the bridegroom, will be the bridesmaid, and Miss Kathy Mueller will be her sister's junior bridesmaid.

Thomas Bollinger of Omaha will serve as best man, and the ushers will be Robert Pecha of Kirkwood, Ill.; Charles Rush of Ft. Crook; Robert Anderson of Omaha; Robert Wiegell and Donald Bell.

Miss Kay Schmidtman of Omaha, and Mrs. Ron Schaefer will light the candles, and the flower girls will be Julie and Liz Ann Pecha.

Opening lead — jack of diamonds.

Bridge is not a game in which you are expected to perform the impossible, but occasionally there are hands where a player can execute feats that border on the miraculous.

For example, take this deal where South got to four hearts, which East, in indignation, doubled, and which South, likewise affronted, redoubled.

It does seem that declarer has to lose a diamond, a club, and three trump tricks, and even if he does avoid the loss of one of these tricks, he can hardly be expected to pick up still another.

But bridge being the kind of game that it is, South managed the affair so well

that he wound up losing only three tricks and made four hearts redoubled.

West led a diamond, covered by the Q-K-A. Declarer returned a diamond and West took it with the eight and shifted to a spade. South then started on a campaign to shorten himself in trumps, since he suspected that East had all four missing trumps.

He took the ace of spades and ruffed a spade. Then, after trumping a diamond in dummy, he ruffed another spade. He next cashed the A-K of clubs and ruffed dummy's last spade. This brought about the following position:

With four tricks still to be played, and having lost only one trick to date — a diamond — South had to produce two more tricks to make the contract.

This turned out to be a relatively simple matter when South led the eight of clubs. East was forced to ruff the club, even though West had played the jack, and had to return a trump.

It did not matter whether East led the ace or a lower heart. In either case, declarer was bound to make the queen and king — and the contract.

DEAR ABBY

Abigail Van Buren

DEAR ABBY: Yesterday a policeman knocked on my door and told me I would either have to put a diaper on my baby or keep him in the house. He is only 14 months old and I see nothing wrong with letting him play outside in his play pen with nothing on. One of my neighbors reported me and I have a pretty good idea which one. Do you think it was right to report me for something like that?

ANGRY MOTHER

DEAR MOTHER: Your neighbor should have spoken to YOU about it. Although the sight of a bouncing bare baby boy is likely to offend very few people, it's those few whom you must consider. A small diaper, in the future, will prevent a 3-cornered fight.

DEAR ABBY: My wife sleeps with some deal on her head and I can't tell if she is going to bed or going to the moon. Not only that, but at bedtime she smears a lot of goop all over face which has put an end to my giving her a goodnight kiss.

What is wrong with women today? They try everything in the book to hook a man and once they get him, they get themselves up like spooks just when they should be their prettiest. Please print this, Abby. It might wake up some of these sleepy time gals.

STAN

DEAR ABBY: I have known this boy for about three months and I really liked him. I thought he was a perfect gentleman, but last night I had a date with him and he got fresh with me. I asked him to take me home. I have never been so disappointed in a person in all my life. I never gave him any reason to think I was that kind of girl.

This morning he called and apologized. He asked me if I would please go out with him to give him a chance to prove he could behave like a gentleman. Should I?

DISAPPOINTED

DEAR DISAPPOINTED: Go. If he wants to date you again, knowing you won't tolerate any funny business, he is apparently looking for the company of a respectable girl. If he gets out of line — lose him. Permanently.

DEAR ABBY: My brother got married two weeks ago and we noticed his wife wears her engagement ring on her finger first and she put her wedding band next to it so that the wedding band is on the outside.

I thought the wedding band was supposed to go on the finger first and then the engagement ring. Is there a right and wrong way? And if so, which is which?

JUST ASKING

DEAR JUST: The wedding band should go on first — closer to the heart.

DEAR ABBY: I am a 15-year-old girl who has never been kissed. I know the time is coming soon and I want to be prepared. A boy I liked very much tried to kiss me once but the bell rang and he had to stop.

Tell me, Abby, how are you supposed to breathe? Do you stop right in the middle and come up for air? How do you hold your lips? Some say to stiffen them just a little, and others say to keep them relaxed. And are you supposed to hold perfectly still or should you move around a little? And when it's all over, is it all right to say "Thank you"?

MUST LEARN

DEAR MUST: Evidently you haven't seen the new book, DEAR TEEN-AGER (I'm the author) in which full instructions (Complete with diagram) can be found on page 199 in Chapter Nine entitled, "I Don't Know How To Kiss."

DEAR ABBY: If you use this letter you may print my real name. I don't deserve to be spared. I was an attractive married woman with two children. My husband traveled a lot and assumed I was behaving myself. He was too trusting. I spent a lot of time at our Country Club. Then I started seeing some of the men from the Club on the q.t. (Some married, some single.) My husband got wind of it and we fought over it. He said I either stayed home or it was quits. So I foolishly divorced him, believing I was so desirable I could do better.

I soon found out that a woman alone is not invited to parties. Also that all divorcees are suspect. And no man is interested in a woman with children unless she has money.

The children miss their father and when they are old enough to realize that I am the one who deprived them of a normal home—how will they feel towards me? Too many innocent children are suffering because of foolish, inconsiderate, selfish mothers like...

IN THE SERVICE CIRCLES

The Service Circles are humming as usual—people coming home—others going away—and the guest houses brimming. That comment concerning the guest houses really is a tremendous exaggeration, but it does lead up to introducing a new family—Col. and Mrs. William L. Bartlett and their daughter, Mary Eileen, who arrived just last Monday and from different directions.

Col. Bartlett came to Lincoln from the United Nations Command in Korea—and Mrs. Bartlett and Mary Eileen made the trip to Lincoln from Arlington, Va.

As we mentioned Col. and Mrs. Bartlett and their daughter now are occupying one of the guest houses, but expect to be getting settled at a Wilkins Circle address within the next week or two—Mary Eileen, by the way, will be attending Cathedral School this year.

They tell us there is many a slip 'twixt the cup and the lip—and if it is the kind of slip that takes place between the typewriter and the printed page every now and then, it can be a bit irritating.

So, this week we'll try again to introduce Col. and Mrs. Mark J. Burke and their two sons, Sean and Colin, who arrived at LAFB a week or two ago from Offutt Air Force Base, Omaha, and who now are at home on Castle Terrace.

Today is the day that Col. and Mrs. Thomas Corbin and their three daughters, Cynthia, Aletha and Beth, are taking off on a holiday. The five Corbins will go to Wrightsville Beach, N.C., where they will join Col. Corbin's family for a stay of several days.

Speaking of vacations—We heard that Col. and Mrs. Joseph Disana are vacationing in Washington state at the moment—the guests of their son and daughter-in-law, Mr. and Mrs. Richard Disana.

The lights are on again at one of the residences on Vance Drive—Maj. and Mrs. Donald Shilling and their two daughters, Donna and Mary, are home again after a three weeks vacation. The travelers went first to Knox, Ind., where they visited members of Maj. Shilling's family — There also were brief visits in Ft. Wayne, Ind., and later in Royal Oak and Birmingham, Mich.

Friday was an exciting day on the Base — Friday morning the ROTC Air Cadets were graduated with fitting ceremonies, and on Friday evening best bib and tuckers were donned for the formal dinner at the Officers Club when the graduates were honored.

And on Friday evening Karen Wood, daughter of Maj.

and Mrs. Crispin Wood was a hostess when she entertained at the family's quarters on Walker Drive. Miss Karen was celebrating her 12th birthday anniversary and invited 12 of her neighborhood friends in for a 6 o'clock buffet supper.

Everything will be "way out" at the Officers Club tonight and there won't be a square in sight. The event is the Beatnik Costume party for the 372nd Squadron — a dinner dance which bids fair to be "crazy, man."

Goodbyes have been said to Capt. and Mrs. John M. Cook who are bidding farewell to the Air Force and

to LAFB and are taking residence in Arizona.

One of the farewell courtesies for Mrs. Cook was the bridge party for which Mrs. Roland Tolar was hostess on Wednesday afternoon.

And "hellos" and welcome home are in order for Capt. and Mrs. Donald Kellum and their two year-old daughter, Kathy. Capt. and Mrs. Kellum and Kathy have just returned from a fun vacation — a camping trip in western Nebraska — a trip that was strictly a sleep-out, cook-out affair in and around the Sandhills, and at any of the lakes that had a particularly glamorous appearance.

Wedding On Friday PEO Plans Conference

MRS. JAMES F. FORREST

Arrangements of white chrysanthemums and greenery formed the background for the wedding of Miss Carol Jean Greer, daughter of Mr. and Mrs. Charles H. Greer of Waverly, to James F. Forrest, son of Mrs. Albert A. Held and the late Dr. A. Leland Forrest, which took place at a 7:30 o'clock ceremony on Friday evening, Aug. 26 at the Methodist Church in Waverly. Dr. William Cascini of Nebraska Wesleyan University read the lines of the service, and Mrs. John Loder played the wedding music. Miss Mary Kluever was the vocal soloist.

Flocks of white silk organza were chosen for the attendants including Mrs. Roger Bell of Des Moines, Ia., who was her sister's matron of honor; and bridesmaids Miss Mary Forrest of Lincoln; Miss Charlene Graben of Seward, and Miss Evelyn Reed. Each wore a hair bandeau of blue daisies, and each carried a bouquet of white asters and blue daisies.

Dr. Aubrey Forrest served his brother as best man, and seating the guests were Har-

ry Huge, Robert Ahrendts, Floyd Colon, all of Lincoln, and Allen Prell of Topeka, Kan.

For her wedding the bride chose a gown of white silk organza and lace. The lace, encrusted with sequins and seed pearls, contoured the portrait neckline and fashioned the brief sleeves of the fitted bodice. The jeweled lace was repeated to form appliques of rose-patterned sprays on the voluminous skirt. A Medieval cap of seed pearls held to the head her shoulder-length veil of illusion, and she carried a bouquet of white gardenias and stephanotis, with strands of ivy.

Following a reception in the church parlors, Mr. Forrest and his bride left for a honeymoon at Lake Okoboji, Ia., after which they will return to Lincoln where they will reside at 5204 Madison.

The bride will be a junior at Wesleyan University this year and is a member of Willard sorority. Mr. Forrest, a graduate of Nebraska Wesleyan, is a member of Phi Kappa Tau fraternity.

More than 400 members of PEO will assemble at Nevada, Mo., from Sept. 7 to 9, for the fifth biennial seminar on the PEO Cotley College, to be held on the college campus.

Officers of the PEO state chapters, Cotley College area chairmen, and individual chapter chairmen will attend the three-day meeting which will include speakers, discussion groups and question-and-answer periods designed to provide information on the college and its activities.

Heading the Nebraska delegation will be Mrs. James W. Robertson of Madison, state president, and in charge of arrangements for the Nebraska group, which will make the trip by bus, is Mrs. L. C. Newell of Lincoln, state first vice president.

Other state officers attending will be Mrs. Leroy Jack, Tekamah, second vice president; Mrs. Lloyd Kain, Lexington, organizer; Mrs. George Yeager, Omaha, recording secretary; Mrs. s.

MRS. JAMES ROBERTSON
Woolsey Davis, Nebraska City, treasurer.

Also attending will be Mrs. W. M. Van Brunt, Omaha, member of the PEO Supreme Chapter, and the following area chairmen: Mrs. Allen Laaker, Blair; Mrs. H. J. Cary, Kearney; Mrs. Leo Petersen, Grand Island; Mrs. Colton Smith,

MRS. L. C. NEWELL
Lincoln; and Mrs. C. E. Kropp, Nebraska City.

Mrs. H. C. Gellatly of Hastings, Cotley College scholarship chairman and past state president, will be present, and chapter chairmen going from Nebraska will be Mrs. H. E. Hedlund, Wahoo; Mrs. Harvey Huntington and Mrs. John H. Davis, Omaha; Mrs. George Peek, McCook; Mrs. J. M. Quackenbush, Beatrice; Mrs. William Salee, Mrs. R. W. Hill, Mrs. Lowell Devoe, Mrs. C. H. Sanders, Mrs. Ray Kelly, Mrs. A. E. Hughes and Mrs. E. L. Stephens, all of Lincoln; Mrs. A. D. Morrill, Stromsburg; Mrs. Walter Klechel, Tecumseh; Mrs. Edna Barton, Pawnee City; Mrs. Bernard Pipher, Tekamah; Mrs. L. E. Watson, Humboldt; Mrs. Robert Peters, Oakland; Mrs. Francis Orshek, Fremont; and Mrs. E. S. Romjue, Nebraska City.

Also going from Lincoln will be Mrs. Arthur George, Mrs. I. T. Hermanson and Mrs. L. H. Pauley.

To Live In Lincoln

DR. AND MRS. GEORGE F. ANDREASEN

En route home to Lincoln aboard the Queen Mary after more than a year abroad are Dr. and Mrs. George F. Andreassen who are expected to arrive the first week in September and move into their new apartment at 2504 No. 56th.

Last year — the first of their marriage — has been a fascinating one of study and travel for Dr. and Mrs. Andreassen, both of whom are graduates of the University of Nebraska.

Mrs. Andreassen, the former Nancy Coover of Lincoln, daughter of Mr. and Mrs. John A. Coover, studied for her Doctor's degree in English at St. Anne's College, Oxford University, on a Fulbright Fellowship which was awarded to her following post-graduate study at Harvard-Radcliffe in Cambridge, Mass.

Dr. Andreassen, who is a graduate of the University of Nebraska College of Dentistry and is the son of Mr. and Mrs. George T. Andreassen of Fremont, attended

Worcester College at Oxford University.

A highlight of their stay in Great Britain was attending a reception (by invitation only) at one of London's famous, historic Guild Halls at which Princess Alexandra was the guest of honor.

Frequent trips to the continent enabled the Nebraskans to visit friends in Copenhagen, Denmark, and other Scandinavian countries to tour Italy, Greece, Yugoslavia, Austria, Switzerland, Germany and France, where they were the guests of a former Radcliffe classmate of Mrs. Andreassen, Miss Andree Roche, and her family at their home in the chateau country of the Loire Valley.

The couple will return to Lincoln in time for Mrs. Andreassen to begin classes as a member of the English faculty at Nebraska Wesleyan University.

Wedding

At a double ring ceremony solemnized Sunday evening, Aug. 21, Miss Reva Joann Klee, daughter of Mr. and Mrs. William Nimmich of Pawnee City, became the bride of Alvin Dale Ehmen, son of Mr. and Mrs. John Ehmen of Burchard. White and pink gladioli and lighted candles decorated the chancel of St. Peter's Lutheran Church at Wymore for the service, which was read by the Rev. Mr. Landgraf.

Miss Echo Nimmich, Pawnee City, as her cousin's maid of honor, and the bridesmaids, Miss Beverly Ehmen and Miss Darlene Ehmen, wore alike frocks of pink nylon net over taffeta. Serving as best man was Don Parde of Adams, and ushers were Bill Nimmich and Bill Welch, Pawnee City; Thees Ehmen, Pickrell; and Don Althouse, Waverly.

White Chantilly lace and tulle fashioned the bride's gown. The long-sleeved bodice of lace was dotted with iridescent sequins and pearls to accent the Sabrina neckline, and the width of the lace skirt was emphasized by a back panel of lace and tulle ruffles extending into a chapel train. Pleated tulle and lace formed the queen's crown which held her illusion veil, and she carried an arrangement of roses.

The couple will reside in Lincoln.

We Hear That

Among the many summer visitors now in Lincoln are Mr. and Mrs. John Stern and their four children of Los Angeles, who arrived two weeks ago to visit Mrs. Stern's parents, Mr. and Mrs. George Alt, and Mr. Stern's mother, Mrs. Clara Stern. Completing the family gathering on Sunday will be Mr. Stern's sister, Mrs. E. C. Dalby, Mr. Dalby and family, who will return home to Lincoln from a vacation trip to Estes Park, Colo. The Californians will return to the west coast after Labor Day, stopping en route to visit Mr. Stern's brother, Ivan Stern, and family at Guide Rock.

Sunday marked the return of Mr. and Mrs. Henry Cox from a 3300-mile motor trip to the east coast and southern seaboard states. Their three-week vacation itinerary included visits in Zion, Ill., Roanoke, Va., Greensborough, N.C., Charleston, S.C., and Atlanta, Ga.

Guests in Lincoln are Mrs. Earl Jennings and her daughter, Susanne, of Thousand Oaks, Calif., who are visiting Mr. and Mrs. Harry Miner and Leonard Jennings. Mr. and Mrs. Miner and Mr. Jennings honored their visitors last Sunday evening at a patio party at which the guest list included family members and close friends. Also present were Mr. and Mrs. Archie Devereux and son of Arlington, Calif., who also are visiting in Lincoln.

IN SUBURBIA

PATRICIAN HEIGHTS

The welcome mat is out this morning for Mr. and Mrs. William R. Vanderford and their sons, five-year-old Billy and Timmy, who is one year old. Formerly living at 923 So. 42nd, the Vanderford family moved into the home at 5239 Heumann Dr. last week.

Monday is M day for Mr. and Mrs. Eldon D. Hoover. They will be moving from 5215 Wilshire Blvd., and establishing a new home in Bee.

Then we heard that Mrs. Albert Priess and her niece, Miss Donna Priess, were co-hostesses last Sunday afternoon at the home of Mrs. Priess honoring their niece and sister, Mrs. Donald Sronce. Mrs. Sronce was Miss Norma Lee Priess before her marriage on July 30.

Twelve guests were invited to the post-nuptial courtesies, and a miscellaneous shower was presented to the honoree.

Now for a vacation item about Mrs. Rolland Roesler and her children, Kimberly

and Renae. The threesome spent last week visiting Mrs. Roesler's parents, Mr. and Mrs. Arthur Knobel, at Western. Mr. Roesler, accompanied by Russell Priess, drove to Western for the week end and to accompany Mr. Roesler's family back to Lincoln.

PARK MANOR

Arriving in Lincoln yesterday for an indefinite visit were Mr. and Mrs. A. F. Kosmata of Ord, who are the houseguests of their son-in-law and daughter, Mr. and Mrs. Howard Elm.

Another very special visitor soon to arrive at the Elm home is their son, Roger, who is stationed with the Navy in San Diego. Roger will stop in Lincoln for a visit while en route to New London, Conn., his new base. While in Lincoln, Mr. and Mrs. Elm will honor the Kosmatas at a family party in honor of the Ord couple's 60th wedding anniversary.

Also on the Park Manor list of visitors are the names of Mr. and Mrs. George Flicker of Huntingdon Val-

ley, Pa. They arrived last Tuesday at the home of their son-in-law and daughter, Capt. and Mrs. John Allen. The special incentive for this trip to Lincoln for the couple was to meet their newest grandson, David Arthur, who was born on July 23.

Houseguests at the home of Maj. and Mrs. Roland G. Fox are Mrs. Fox's sister-in-law, Mrs. Harold Farber, and her children, Claudia, Jimmy, and Billy. The visitors are spending the week in Lincoln and are en route from their home in Covina, Calif. to Griswold, Ia.

Now getting settled in their home at 2041 Riviera Dr., are Mr. and Mrs. Jess L. "Jack" Ethington, Jr., and their children, Mike, Jack, and Diane. The Ethingtons moved Tuesday from their former home at 5700 Normal.

The former occupants of this address on Riviera Dr., the John Cleeks, Jr., have moved to the home at 925 W. Okmulgee in Checotah, Okla.

WISHING WELL

By William J. Miller

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers left to right. Then read the message the letters under the checked figures give you. Mystic Link Triumphs At Fairgrounds

Mystic Link, a 12-1 long-shot, roared out of the backstretch for a 4-length victory and the big share of the \$1,500 added Nebraska Breeders purse at the Fairgrounds Friday.

Mystic Link, ridden by Boyd Morris, beat Befude and Wilma Joy to the wire in the mile race for Nebraska bred 3-year-olds.

Cute Pic, 3-5 favorite at post time, finished 5th. Mystic Link's victory meant \$1230 for owner Con Jordan, Harrison, and a \$26.40 return for his backers.

Blankety Blank, in the 5th, furnished the day's longest payoff, \$46.40 for a \$2 wager. Lucky Gay paid \$29.80 to win the 3rd race.				
Morris missed a feature sweep when Tile Boy beat Broken Wing by 2 1/2 lengths in the 8th for the \$1,100 Atokard Purse.

Foxworthy Returns, Wins Big Trapshoot

Vandalia, O. (AP) — Roy N. Foxworthy of Indianapolis ended a 16-year absence from trapshooting Friday by winning the sport's greatest event, the 61st Grand American Handicap.

49ers Hope To Carry Aug. Pace Into Dec.

Moraga, Calif. (AP) — The San Francisco 49ers have rarely looked so good.

The question, though, is will their fans love them in December as they do in August?

The 49ers, with 3 exhibition victories in 3 games have looked better each time they've taken the field.

San Francisco has never won a Western Division title in the National Football League. Is this the year?

"Hold on," says Coach Red Hickey. "We've got a long, long way to go."

The genial redhead, whose intense competitive drive is often obscured by his easy-going nature, makes no predictions.

But there's an air pervading the camp that's rarely been here before. Good isn't quite enough. It's perfection that Hickey wants.

And the showing of his aging veterans and hungry rookies indicates they're going all out to give it to him.

Take Hugh McElhenny. At 31 and in his 9th pro season, Hurryin' Hugh is scurryin' like he hasn't for several years. He hardly carried the ball in 1959.

Take Leo Nomellini — 38 years old and in his 11th pro season. Nomo spent almost as much time in the Philadelphia backfield Sunday as the Eagles did.

Take John Brodie, who may finally be coming into his own in his 4th year with San Francisco.

Take a bunch of fine rookies, led by 3 dandy pass-grabbing ends—Dee Mackey, Monty Stickles and Tom Osborne (former Hastings College ace).

The kids give Y.A. Tittle and Brodie a reception crew

CARDINALS TIP COLTS BY 31-21

Charleston, S.C. (AP) — The upstart St. Louis Cardinals, paced by quarterbacks John Roach and M. C. Reynolds, surprised the world champion Baltimore Colts 31-21 here Friday night in a National Football League exhibition game.

Roach's passes set up 3 first half touchdowns which gave the Cardinals a 21-14 intermission lead.

Reynolds took over in the second half and set up the final St. Louis touchdown with his aeriels. Bobby Joe Conrad got the winners' their last 3 points with a 23-yard field goal.

Johnny Unitas threw two touchdown passes for Baltimore, both to end Raymond Berry, and his 27-yarder to Berry set up the 3rd score by Alan Ameche.

All 4 Card touchdowns were scored on running plays. Fullback Frank Mestnik scored twice while Roach and Ken Hall plunged for the other two.

St. Louis: TDs, Roach (1 run); Mestnik 2 (1, 27 runs); Hall (3 run); PATs, Conrad 4, FC, Conrad (42).

Baltimore: TDs, Berry 2 (46, 5 passes from Unitas); Ameche (1, run); PATs, Myhra 3.

'CHINESE TARZAN'

Chuan-Kwang Yang, 27, of Formosa, is called the "Chinese Tarzan" and "Asia's Strong Man." The UCLA student, big for his race at 5-11 and 178, is the chief competitor to Rafer Johnson for the Olympic decathlon title. He is shown throwing the discus in the national decathlon championships, in which he pushed Johnson to a new world record.

Duke, Larker Pep Attack In Sweep

Los Angeles (P) — Norm Larker drove in 5 runs in the first game and Duke Snider observed a night in his honor with a booming home run in the nightcap as Los Angeles whipped Cincinnati twice Friday night, 10-1 and 2-0.

Roger Craig pitched a 5-hitter for the Dodgers in the opener and Don Drysdale did even better in the second game, setting the Reds down on 3 hits.

CARDINALS TIP COLTS BY 31-21

Charleston, S.C. (P) — The upstart St. Louis Cardinals, paced by quarterbacks John Roach and M. C. Reynolds, surprised the world champion Baltimore Colts 31-21 here Friday night in a National Football League exhibition game.

Roach's passes set up 3 first half touchdowns which gave the Cardinals a 21-14 intermission lead.

Reynolds took over in the second half and set up the final St. Louis touchdown with his aerials. Bobby Joe Conrad got the winners' their last 3 points with a 23-yard field goal.

Johnny Unitas threw two touchdown passes for Baltimore, both to end Raymond Berry, and his 27-yarder to Berry set up the 3rd score by Alan Ameche.

All 4 Card touchdowns were scored on running plays. Fullback Frank Mestnik scored twice while Roach and Ken Hall plunged for the other two.

St. Louis: Tds. Roach (1 run); Mestnik 2 (1, 27 runs); Hall (3 runs). PATs. Conrad 4 FG, Conrad (23).

Baltimore: Tds. Berry 2 (46, 5 passes from Unitas); Ameche (1 run). PATs. Myhra 3.

Bill Brown Tops Gibson For State Jr. Net Title

Omaha (P) — Bill Brown of Omaha won the Nebraska State Junior Tennis Championship Friday with a 6-0, 6-0 victory over Dick Gibson of Lincoln.

In advancing to the finals Brown had byes through the first 2 rounds, then defeated Rick Harley, Grand Island, 6-0, 6-1, in the semifinals.

Harley beat Paul Melinagio, Omaha, 6-2, 6-0, in the first round and had a 2nd round bye.

Gibson beat John Vantrav-

Norfolk Bumps 2 Lincoln Teams

Lincoln Star Special
DeWitt — Norfolk eliminated a pair of Lincoln outfits in the State Softball tournament here Friday night.

Norfolk bumped Speedway Motors, 8-4, then came back in the nightcap to stave off a late rally for a 5-4 win over Kraft Service.

Hill Oil of Beatrice forfeited the other game to DeWitt when it ran out of players while trailing, 8-2, in the 6th. With substitutes used up, a player became angry and quit the team.

The 2 unbeaten clubs, Deans of Beatrice and Kings of Lincoln, meet in tonight's 6:30 opener, followed by Norfolk vs DeWitt.

Highway Dept. Tells Low Bidders On \$5.3 Million In Road Work

The State Highway Department Friday announced low bidders on \$5,321,963 worth of Nebraska highway construction and maintenance projects.

Construction funds made up \$5,116,508 of the total low bids and maintenance funds made up \$205,454.

Six Interstate Highway projects were included in the bid letting.

Condon-Cunningham, Inc. of Omaha submitted the low bid of \$529,820 for two bridges on the Interstate between 72nd Street and 60th Street near Omaha.

Low bid of \$255,948 for two bridges on the Interstate between Emerald and West Lincoln was submitted by the Missouri Valley Construction Co. of Grand Island.

Dobson Brothers Construction Co. of Lincoln submitted the low bid of \$298,811 for two bridges on Rt. 180 of the Interstate northwest of Lincoln.

Grading for seven-tenths of a mile between 72nd Street and 60th Street near Omaha went to Peter Kievit Sons Co. of Omaha at \$98,322. Broski Brothers, Inc. of Kansas City submitted the low bid of \$3,151 for a fence along the same segment.

The other two Interstate projects called for seeding.

Largest chunk of the bid letting was \$1,153,722 for 1.5 miles of grading and traffic signals on So. 72nd Street between Pacific Street and Interstate Rt. 1 near Omaha.

Estimated source of funds for the projects was: federal and Interstate, \$1,185,000; federal aid primary, \$310,000; federal aid secondary, \$1,155,000; Iowa State Highway Commission, \$10,000; counties,

\$710,000; state construction, \$1,885,000, and state maintenance, \$245,000.

Following are the projects with county, miles involved, apparent low bidder, low bid, location and construction feature:

Douglas-Interstate, 72nd-60th streets near Omaha; bridges, Condon-Cunningham, \$529,820.

Douglas-7, Interstate, 72nd-60th Sts. near Omaha; grading, culverts, Peter Kievit Sons Co., Omaha, \$98,322.

Broski Brothers, Inc., Kansas City, Mo., \$3,151.

Tax Ruling On Indian Land Given

State grain and seed tax cannot be collected from Indian lands unless the land is free of all federal restrictions, the attorney general said in an opinion Friday.

The opinion was requested by Thurston County Attorney Ronald K. Samuelson of Pender.

The opinion also said personal property used in the operation of a retail store located on tribal lands is not taxable if the profits go for the benefit of the tribe.

In both instances the opinion said the state was bound by the federal instrumentality doctrine.

"The doctrine in its application to Indians and Indian property is founded upon the premise that the power and duty of governing and protecting tribal Indians is a federal function and that a state cannot impose taxes which will interfere with or impose a burden on that function," the opinion said.

The opinion pointed out that a state cannot tax any federal agency or instrumentality without congressional approval.

The Crossroads Shopping Center Merchants Assn., Omaha, for improvement of business operating conditions in the Crossroads Shopping Center; E. F. Petrus, Ralph E. Svoboda and C. E. Heaney Jr., all of Omaha; non-profit.

A. C. Nelson Auto Sales, Inc., of Wilmington, Delaware; domestication to do business in Nebraska; R. F. Westover, C. A. Schoonmaker and A. D. Atwell, all of Wilmington, Del., \$500,000.

Iowa Girl Gets Wesleyan Grant

Marilyn Kay Hefte, daughter of Mr. and Mrs. Kenneth Hefte of Ankeny, Iowa, has been awarded the Ilius and Charity Couch Memorial Scholarship at Nebraska Wesleyan University for the 1960-61 school year.

President Vance D. Rogers said the \$200 annual grant, awarded for the first time this year, was established from funds received from the estate of the late Mrs. Charity B. Couch of Ogallala.

Miss Hefte, a 1959 graduate of Ankeny High School, is pursuing a pre-nursing course. She earned the silver key for scholastic proficiency as the second highest ranking member of her freshman class last year.

Weather Ahead

Temperatures for the next 5 days will average 2 to 4 degrees below seasonal normal northwest to near normal southeast. No large day to day changes. Normal highs are mid 80s; normal lows are 54 west to 62 east. Precipitation will average little or none west to about .50 inch east occurring as recurring showers and thunderstorms throughout the period.

Math Instructor Named at NWU

The appointment of A. Allan Richert of Hillsboro, Kan., as instructor in mathematics at Nebraska Wesleyan University, was announced Friday.

Richert will serve in the absence of Prof. Joe Wampler, chairman of the Wesleyan mathematics department, who is on a year's leave of absence.

A native of Dallam County, Tex., Richert attended the public schools of Buhler, Kan., graduating from Buhler Rural High School in 1951.

He attended Tabor college at Hillsboro before earning the B.A. degree in chemistry from the University of Kansas in 1957. He has completed additional graduate residence study for the M.A. degree at the University of Kansas.

Richert has also taught at Tabor College. He is a member of the Kansas Alpha chapter of Pi Mu Epsilon, national honor society in mathematics.

Liquor Commission Sets Three Hearings

The State Liquor Commission will hold hearings Sept. 6 on suspension or revocation of retail package liquor licenses of Reina Wagner of Central City and James and Julia Skoda of Bellevue.

Both are charged with serving liquor to minors.

The commission also set a hearing for Sept. 6 on the application for a retail package liquor license of Vernon Taylor of Grand Island.

The city has recommended denial.

Axtell Man Named 1960 'Good Citizen'

Minden — Earl Freeland of Axtell was awarded the 1960 "good citizen" title during the Kearney County fair.

A longtime resident of Axtell, he has directed the Axtell Community Band for 30 years. He also serves as Axtell High School band instructor.

Hearing Set

The State Railway Commission will hold a hearing Aug. 31 for the Burlington Railroad to discontinue its agency at Odell.
